New and Updated Products for 2011

Protective Cases

E-Reader™ Case

NEW Waterproof and PVC-free, the durable E-Reader Case protects electronic readers by the pool, at the beach, bus stop, campground or anywhere else moisture or dirt is a threat. It features a rugged, high-clarity urethane window for content visibility while allowing the full use of buttons and touchscreens including the Amazon® Kindle™ 5-way controller. Corner lash points allow convenient tethering to keep it close by and a secure SealLock™ zipper closure provides fast, easy access to contents when needed. Meets the ANSI IP.67 standard for waterproof-ness, withstanding a one-meter submersion for 30 minutes.

Dry Bags

Black Canyon™ Dry Bag

(Photo does not represent actual colors)

This all-purpose dry bag offers the classic, RF-welded Baja™ Dry Bag design, but is made with an eco-friendlier PVC-free 300D TPU double-coated nylon Black Canyon material. The high-performance material is lighter, more puncture and abrasion resistant, and more pliable in cold conditions than vinyl, keeping contents dry, clean and protected in even the most challenging environments. New colors for 2011.
